The Airmic Annual Conference 2019

The Airmic Conference is the only risk management conference where the whole industry comes together to share experiences and influence forward thinking. It has become the most important event in the calendar for the insurance and risk management industry.

This three day conference hosts a programme of 32 workshops covering insurance and risk management, panel discussions led by high profiled industry experts, plenty of networking opportunities, a variety of wellness sessions to attend, and a large exhibition hall showcasing innovative insurance and risk management solutions.

Airmic Members

Airmic membership includes over 1200 individual risk and insurance managers representing over 450 companies

These companies are the largest buyers of international insurance and risk management services in the UK. It is estimated that Airmic member companies spend £5bn annually in insurance premiums and £500ml in broker and consultancy services.
