

Airmic *fastTrack*

fastTrack your risk and insurance
knowledge and experience

Develop your understanding of risk and insurance
Grow a long-lasting professional network
Feel more confident in your roles and responsibilities
Accelerate your career

Whether you have just graduated or are further in your career, Airmic *fastTrack* will provide a comfortable learning environment for risk, insurance and business professionals.

Take advantage of the following benefits:

- ✓ **The *fastTrack* foundation**
A series of 10 bespoke workshops, helping you to develop fundamental understanding of risk and insurance management practices
- ✓ **The *fastTrack* day at the Airmic conference**
A tailored programme of networking events and workshops held during the largest risk management conference in the UK
- ✓ **The *fastTrack* forum**
Be challenged and inspired by working alongside other risk managers and their counterparts in the insurance and risk sectors, in a series of scenario exercise style workshops at this one day event
- ✓ **The *fastTrack* mentoring scheme**
Discuss challenges and experiences with senior Airmic members and gain insights from risk managers in other organisations

Are you a *fastTracker*?

You can benefit from the programme if:

- You are relatively new to the risk or insurance profession
- You have recently moved into a new role or assumed additional responsibilities in risk and insurance
- You want to develop your professional network
- You are new to Airmic and want to maximise the benefit
- You are further into your career but believe it's never too late to learn more!

Everyone is welcome to attend *fastTrack* events and there are no restrictions on age or experience.

The *fastTrack* programme

The *fastTrack* annual programme of events runs from June each year

The Airmic Annual Conference (June)

A dedicated programme of events to help those attending for the first time get the most out of their experience

- ✓ *fastTrack* lunch
- ✓ Conference tour from *fastTrack* alumni
- ✓ Careers advice
- ✓ Tailored workshops
- ✓ *fastTrack* drinks receptions

The *fastTrack* forum - February

A one-day conference for *fastTrackers* and their counterparts within brokers, insurers and other risk/insurance service providers

- ✓ Inspiring keynote speakers
- ✓ Group scenario exercises to put their technical knowledge into practice
- ✓ Networking lunch and drinks reception

✓ the *fastTrack* programme attracts more than 180 members

✓ 83% of members new to the profession want to develop their professional network

✓ 90% of members new to the profession want fundamental risk and insurance training

The *fastTrack* foundation (year round)

A series streamed workshops to provide a fundamental understanding of the principles of risk and insurance management

Members can attend the most appropriate stream for their role – or both. Members are encouraged to attend all workshops in their stream

Stream 1 Insurance

- 1) Principles of insurance and insurance law
(July)
- 2) Insurable risk assessment and analysis - making use of data and analytics
(September)
- 3) Working with the broker to design an insurance programme
(October)
- 4) Working with the underwriter and presenting insurance information
(January)
- 5) The life cycle of a claim - from loss to settlement
(March)

Stream 2 Risk Management

- 1) Risk management and the business model - risk principles, frameworks, processes and governance
(September)
- 2) Risk assessment and analysis - making use of data and analytics
(November)
- 3) Risk response - treatments and controls
(January)
- 4) Responding to an incident - crisis response and the link to insurance
(March)
- 5) The future of risk - managing risk in the digital age
(May)

“The networking opportunities are fantastic and the chance to hear the key topics of the day is invaluable”

“The most well organised and targeted series of events I have attended”

“Having only a limited experience of the world of insurance these events have given me a great insight into the wider aspects, and will be a great help for the future.”

“A very educational programme and done in a very professional manner. Thank you!”
