I UK CORPORATE PROPERTY & CASUALTY

Aspen's UK Corporate Property and Casualty team always seeks to be different from your 'average insurer'. We start by recognising your primary need: to accept your risk at a fair price, and to keep people in business when things don't go to plan.

As well as non-complex risks, we excel at unusual or special circumstances. You can expect us to be interested in risks that many of our competitors appear less confident in taking.

Headed by Clive Edwards, UK Corporate Property and Casualty is structured as four underwriting teams, each dedicated to addressing the insurance needs of particular market segments: Property Investors, Business and Community, Construction and Liability. This individual focus is harmonised to ensure an integrated approach to case/broker/trade sector management, without diluting the excellent underwriting and analytical skill inherent in Aspen.

Where we work

Our teams are based at Aspen's main UK office in the City of London. We are within easy reach of all the in-house services we need to bind your risk swiftly and to our colleagues who will manage a claim. Our London base also gives us fast and easy transport access to any location in the UK and Ireland when a broker or client needs us on site.

UK Corporate Property and Casualty enables an integrated approach across the four underwriting teams:

- Property Investors
- Liability
- Business & Community
- Construction

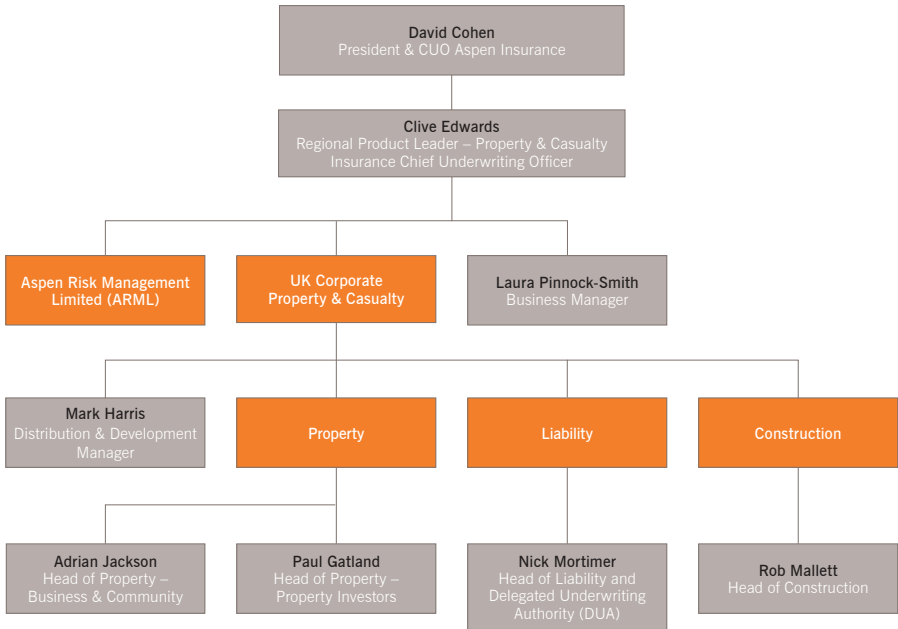

In addition the team works closely with Aspen Risk Management Limited, who enable key brokers to offer SME clients a wide range of risk management and health and safety services by providing packaged property and casualty insurance products.

Our approach

It's easy for you to do business with us. We listen. Our approach is clear and consistent and, with our sharply-focused approach to underwriting, we meet agreed deadlines. Our telephone-based 24/7 claims notification service ensures claims are managed quickly and easily.

We provide a solution you can be happy with, and trust. We enjoy applying our insight and expertise to help solve your problems. And we believe in 'no surprises'. Most risks suit our appetite, but if we're unable to meet your needs, we'll tell you why without delay. We take a sustainable, long-term approach to business, by providing cover on commercially viable terms, and by choosing our relationships with brokers and policyholders with care. A great deal of our business is repeat business.
